

# **MARLBORO COUNTY GOVERNMENT REQUEST FOR PROPOSALS**

**March 31, 2022**

## Intent and Instructions to Bidders

It is the intent of these specifications and instructions to bidders to solicit proposals from qualified insurance brokers to assist Marlboro County in managing its Commercial Package insurance program. The RFP also requests qualified brokers to recommend products the broker considers to be the best products available within the insurance industry for Marlboro County. These specifications and instructions to bidders will be used to select a broker.

Please submit two copies of your proposal no later than May 3, 2022 at 12:00pm to:

## **INTRODUCTION**

### **BRIEF HISTORY**

Marlboro County is a political subdivision of the State of South Carolina. Established in 1785, Marlboro County is located between the Great Pee Dee River to the west and North Carolina to the north and northeast. Marlboro County Council approves an annual fiscal budget, and the current 2021-2022 fiscal year general fund budget is \$12,658,582 which ends June 30, 2022. Marlboro County employs approximately 160 employees and operates out of multiple departments; with the central administrative building located at 205 East Market Street in Bennettsville.

Marlboro County is made up of 6 towns; Bennettsville being the county seat, McColl, Tatum, Wallace, Clio, and Blenheim. Marlboro County has a total area of 485 square miles, of which 480 square miles is land and 5.6 square miles is water. Marlboro County's recorded population in the 2020 census was 26,667.

Marlboro County currently operates under a Council/Administrator form of government divided into eight separate districts. Each district is represented by a Council member elected by the citizens of that district. The Chairman and Vice-Chairman are elected each January by the Council members from the eight districts. Terms are four years each with staggered elections on even numbered years.

## **INSTRUCTIONS**

### **A. Proposals**

Proposals will be evaluated according to completeness, content, and experience with similar projects, ability of the broker and its staff and cost. Award of the business to one broker does not mean that other proposals lacked merit, but that, all factors considered, the selected proposal was deemed most advantageous to Marlboro County and its employees.

### **B. Confidentiality**

Any information, data, instruments, documents, studies or reports given to or prepared or assembled for the broker under this agreement shall be kept confidential and not divulged, made available, sold, or used for advertisement to any individual, organization, or company without prior written approval of Marlboro County.

### **C. Addendums**

This RFP can only be changed by written addendums. Any oral comments by anyone shall have no effect on these instructions and specifications.

### **D. Contract Period**

The contract period shall begin August 5, 2022 and end on August 4, 2023. Either party may cancel this agreement by providing 60 days written notice prior to the expiration of the contract period.

### **E. Company Experience**

The County has no desire to serve as a test market for new companies. Brokers should submit proposals only from insurance providers who have at least a 10-year history of providing county insurance coverage and must have an A rating or better.

### **F. Presentations**

The County may require a presentation from up to three brokers. This presentation would encompass an overview of the broker services proposed, policies proposed and a question-and-answer period at least three (3) days notice will be provided to each offeror if requested. Brokers are cautioned that the County is not required to request clarifications; therefore, all proposals should be complete and reflect the most favorable terms available from the broker.

## **G. Evaluation Process**

The County reserves the right to determine the suitability of proposals on the basis of a proposal's meeting administrative requirements, technical requirements, quality and performance review of the services proposed, and cost.

During the evaluation process, the school may require a bidder's representative to answer questions with regard to the proposal and/or require certain bidders to make a formal presentation.

The following criteria will be used in reviewing and comparing the proposals to select the broker(s) to market the County's insurance program. The weight to be assigned to each criterion appears following each item.

1. Responsiveness of the proposal to the submission requirements set forth in the RFP (25%).
2. The methods, technical ability, capacity, and flexibility of the bidder to perform the contract, including proposed methods to be used in evaluating components of the County's Risk Management program and ability to provide advice and assistance in controlling increasing claim costs on an ongoing basis (25%).
3. Financial viability, client references, demonstrated success in projects with similar requirements and any other contracts with the County (25%).
4. The total cost of the proposal solution. Costs will be evaluated only if a proposal is determined to be otherwise qualified. Costs should be itemized by type to allow the County to implement the solution over the term of the contract (25%).

If a large number of proposals are received, the County reserves the right to review the proposals using a tiered evaluation system. All proposals will be evaluated based on the Submission Requirements and Cost, with the top candidates advancing as a finalist and receiving a full evaluation as outlined above.

## **H. Award and Execution of Contract**

The County has the right to reject any or all proposals and the contract for broker services will be awarded to the broker bringing the most competitive insurance proposal to the school. The County desires to ultimately deal with only one broker for account administration. The County's expectation is that insurance proposals will be received no later than May 3rd.

No contract or agreement, express or implied, shall exist or be binding on the school before the execution of a written contract by both parties. If agreement on the terms of such a contract cannot be reached after a period deemed reasonable by the County, in its sole discretion, the school may enter into negotiations and sign a contract with any other bidder who submitted timely, responsive and responsible proposals to this RFP.

If, after the County and the bidder agree to terms and execute a contract, that contract is terminated for any reason, the school may, in its sole discretion, enter into negotiations with another bidder.

Questions regarding the County's award of any business on the basis of proposals submitted in response to the RFP should be addressed in writing to Doris Sumpter, Administrative Services Director, [dsumpter@marlborocounty.sc.gov](mailto:dsumpter@marlborocounty.sc.gov).

Where written notice is required in this RFP, the notice must be sent by U.S. mail and either facsimile or e-mail.

## **I. Errors in the RFP**

If a bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, the bidder should immediately provide the school with written notice of the problem and request that the RFP be clarified or modified. Without disclosing the source of the request, the County may modify the document prior to the date fixed for submission of proposals by issuing an addendum to all potential bidders to whom the RFP was sent.

If prior to the date fixed for submissions, a bidder knows of or should have known of an error in the RFP, but fails to notify the County of the error, the bidder shall bid at its own risk, and, if awarded the contract, shall not be entitled to additional compensation or time by reason of the error or its later correction.

## **J. Questions Regarding the RFP**

Questions regarding the RFP may be addressed in writing to Doris Sumpter, Administrative Services Director, [dsumpter@marlborocounty.sc.gov](mailto:dsumpter@marlborocounty.sc.gov). All questions must be submitted by April 22, 2022. Questions and answers regarding the RFP may be shared with all bidders known to be interested in submitting a proposal.

**K. Withdrawal and Resubmission/Modification of Proposals**

A proposal may be withdrawn at any time prior to the deadline for submitting proposals by notifying the County in writing of its withdrawal. The notice must be signed by the bidder. The bidder may thereafter submit a new or modified proposal provided that it is received at the County no later than the deadline.

Modification offered in any other manner, oral or written, will not be considered. Proposals cannot be changed after the evaluation process begins
