CNE link email

SUBJECT: **CodeRED Community Notification Enrollment Page**

To help grow your database with the most reliable information, we recommend posting the following link on your website. The secure, customized Community Notification Enrollment (CNE) page allows residents and businesses to add or update their contact information to ensure they will be included when a message is sent – unlisted numbers, mobile numbers, TDD/TTY requirements can all be entered.

Simply place the logo below prominently on your website to help encourage participation and assist in creating a more robust database.

To drive additional traffic to your website and promote the valuable notification service you provide, feel free to customize and distribute our sample press releases, designed to help you jumpstart awareness of this valuable service. Samples can be found in the "Resource Library" of your system.

Additionally, you will want to promote the link below for the CodeRED Mobile Alert app. This link will help your residents quickly and easily download the app.
